

TABLE OF CONTENTS OF VOL. 4 (2) 2009

Review

Trichoderma: Biology, Biotechnology and Biodiversity - A.K. Misra and V.K. Gupta

Organic Farming

Effect of organic manures and inorganic fertilizers on seed yield and seed quality of okra (*Abelmoschus esulentus* (L.) Moench) - M. A. Chattoo, N. Altmad, S.H. Khan, S.Narayan, N. Jabeen and K. P. Wani

Impact of nutrient management practices in rice based cropping system on productivity and soil health - D.K. Singh, B.S. Mahapatra, Shilpi Gupta and Rajnish Singh

Combination effect of zinc, boron and iron on yield and economics of ginger (*Zingiber officinale* Rosc.) - S.P. Singh, R. Choudhary and A.K. Mishra

Effect of tannery industry waste on soil microbial population and some chemical properties of soils - Rajesh Kumar Verma, Dharam Veer Yadav, Chandra Pal Singh, Archana Suman and Asha Gaur

Response of different cultivars of Japanese mint (*Mentha arvensis*) under water stress and chloromequat chloride treatment - Priti Mathur and A.H.A. Farooqi

Genetics

Correlation and path analysis studies in fenugreek (*Trigonella foenumgraecum* L.) - S.P. Singh, R. Choudhary and A.K. Mishra

Human Ecology/Home Science

Fat consumption pattern: A study on agricultural families of Uttarakhand - Rita Singh Raghuvanshi and Geeta Chauhan.....

Entomology

Field Efficacy of alcoholic extract of rhizomes of *Alpinia galanga* against nymphs of mango mealy bug, *Drosicha mangiferae* - Dr. R.P. Srivastava

Field efficacy of cow-urine indigenous plant extracts on the incidence of major insect pests of cabbage in Manipur - K.I.Singh, T.S.Devi, M.K. Gupta and M.P.Singh.....

Persistent toxicidal efficacy of neem and gorakhmundi against pulse beetle (*Callosobruchus chinensis* Linn.) - S.S. Patole

Evaluation of toxicity of insecticides to *Apis mellifera* L. - Shiwani Bhatnagar and A.K. Karnatak

Plant Pathology

Evaluation of fungal pathogen and chemical herbicide for control of *Trianthema portulacastrum* - Burhanuddin Bohra, B.N. Vyas and K.B. Mistry

In silico 3D structure prediction of potyvirus coat protein causing mosaic symptoms on leaves of *murraya koenigii* - Ashish Chandra Trivedi, Jitendra Narayan and Prachi Srivastava

Microbiology/AM Fungi

Growth of *Trichoderma*, *Paecilomyces* and *Aspergillus* with different sugar treatments in submerged fermentation - Nitin Verma, Vivek Kumar and M.C.Bansal.....

Distribution of arbuscular mycorrhizal (AM) fungi in association with some important medicinal plants of Kashmir Valley - Z.A. Baba, M.Y. Zargar, T.A. Sheikh and N .A .Ganaie

Biomass growth kinetics and acid formation of *Lactobacillus* sp. with neutralizers in batch fermentation - Manoj K. Ghosh and U.K. Ghosh

Short Communication

Integrated nutrient management in rice under temperate conditions - R.H. Kanth and Altaf Hussain.....

Genetic variability, heritability and genetic advance in fenugreek (*Trigonella foenumgraecum* L.) - S.P. Singh, R. Choudhary and A.K. Mishra

Evaluation of biopesticidal activity of neem on *Apis mellifera* L. - Shiwani Bhatnagar and A.K.Karnatak

Biology of *Episyrphus balteatus* DeGeer (Diptera: Syrphidae) on cabbage aphid, *Brevicoryne brassicae* L. in Kashmir - F.A.Dar, M.A.Bhat and M.A.Sofi.....

Pest complex and their succession in passion fruit under Mizoram conditions - T. Boopathi and K.A. Pathak

Field bio-efficacy of botanicals and common insecticides against blister beetles, *Mylabris pustulata* and *Epicauta* sp. in green gram - T. Boopathi, K.A. Pathak, Nabajyoti Das and K. Bemkairreima.....

Biodiversity of insect pollinators on litchi at Pantnagar - Usha, Poonam Srivastava and M.S.Khan

Antagonistic and biocontrol properties of *Lactobacillus* spp. : Agricultural, food and health perspectives - Manoj K. Ghosh and U.K. Ghosh.....
